Petition Calling for Fiveways to Edgecliff Bus Services

To the Honourable Speaker and Members of the Legislative Assembly of New South Wales.

This Petition of the people of New South Wales brings to the attention of the House:

Paddington Fiveways precinct residents have no direct public transport to the Edgecliff Centre, which is the local transport, shopping and medical hub, with a railway station, bus interchange, major shopping facilities and medical rooms.

Fiveways no longer has a supermarket and residents have limited shopping options for basic groceries.

The 200 route bus service through Woollahra operates as a regional service with Stop Restrictions on many services, and does not reach Paddington Fiveways. The 389 bus service through Fiveways does not take passengers to the Edgecliff Centre. There is no public transport route linking these two precincts and people without private transport, aged people and those on low incomes need a public transport option to access Edgecliff.

The undersigned petitioners therefore request the NSW Government carry out a needs assessment and run a trial bus service between Fiveways and Edgecliff.
